LOOK! St Albans **our community voice on design**

“In the spirit of community-led neighbourhood planning our ethos is to be transparent, proactive, respectful, collaborative, open, diverse, explorative and community-rooted.” A design charrette is an intense period of design or planning activity.

The presentation by the Oaklands students planned for 7pm on Monday 19th May has unfortunately had to be cancelled.

We were very much looking forward this evening to meeting the two groups of students who have prepared in two teams two different website for members of Look! St Albans to choose one to be our new website.

Unfortunately due to a class timetable clash for preparation for GCSE's the presentation has had to be cancelled.

Preparations for GCSE's are very important and Look! St Albans would not want to disrupt any student's preparation time.

We send the students our very best wishes and will have to make a very difficult choice, due to the high calibre of work, on which website design to choose in their absence.

We hope to rearrange a presentation by all the students before the end of term but it is proving difficult to find a mutually suitable time and date.
